

BEYOND THE BELL

Positive Transitions to School: Superheroes Campaign Contract Worker

Request for Expression of Interest to carry out the following work: Planning and Implementation of the ‘Superheroes’ Campaign

About Beyond the Bell Great South Coast (BtBGSC)

Beyond the Bell Great South Coast is a not for profit public company and is also registered as a charity with the Australian Charities and Not for Profit Commission (ACNC).

The Beyond the Bell vision is that our community is a leader in working together to enable our young people to succeed. Beyond the Bell will have succeeded when 90% or more of young people are achieving Year 12 or equivalent. The aim is to achieve this by 2030.

About the Positive Transitions to School Project

Beyond the Bell has been successful in securing funds from the Ian Potter Foundation for the Positive Transitions to School Project. This project aims to reduce the barriers to school readiness for all children in the Great South Coast, thereby improving school engagement and attainment.

There are two parts to this project:

1. Stepping Stones to School – scale out to Southern Grampians, Corangamite and Moyne Shires over three years. This element works directly with vulnerable families and model the successful Glenelg ‘Stepping Stones to School’ pilot to increase inter-agency collaboration, improve relationships with families and improve access to early intervention where needed.
2. Development of the Superheros Awareness Campaign. This element aims to disseminate key messages to inform parents/carers on factors affecting school readiness, and how to help their children and seek support if concerned.

This position will focus on the development & delivery of the Superheros Awareness Campaign which aims to inform parents and carers about the specific elements of Australian Early Development Census (AEDC) and its role in supporting positive transitions of children to school. Through the use of animation and easy to read supporting material it will describe the individual characteristics of each of the AEDC domains translating them into accessible “Superheros” which engage children and parents alike. A series of supporting posters and information materials will be produced to assist parents to support their child’s development against these domains.

Key responsibilities and project deliverables

- Liaise with the project Regional Strategic Committee, steering committees in each local government area and key Stepping Stones partners to refine the message and requirements of the “Superhero” campaign brief.

- Define and manage the milestone schedules to ensure the development & delivery of high quality campaign materials throughout development.
- Develop a clear Expression of Interest process to recruit appropriate professionals to develop a campaign that reaches and influences the target audience with the right content in the right format through the right channels.
- Commission graphic and animation content from suitably qualified and experienced designers and animators which meet project budgets.
- Collaborate with creative design team/s to produce strategically targeted, engaging and integrated “superheroes” campaign including animation and supporting information for parents
- Oversee the testing of draft campaign with parent and children target audiences (identified by the Steering Committee in each LGA) and modify where required based on feedback.
- Ensure message consistency through appropriate channels and tools.
- Ensure that all stakeholders impacted by the campaign are informed and consulted at appropriate times during campaign development.
- Ensure a high quality campaign is developed & delivered according to budgetary constraints and project timelines.
- Disseminate campaign resources to identified stakeholders across the great south coast region
- Provide regular updates & recommendations to the project Regional Strategic Committee as to progress of the campaign
- Support the evaluation of the success and reach of the campaign according to project KPI’s.

Skills required

Essential:

- Project management and program design
- Strong verbal and written communication skills
- Self-directed work ethic alongside strong team work skills
- Effective networking and collaboration skills
- Effective community and stakeholder engagement skills
- An understanding of the elements of the Australian Early Development Census and its role in supporting positive transitions of children to school

Desirable:

- An eye for detail
- An understanding of key design elements
- Program evaluation
