Our vision: "Our community is a leader in working together to enable our young people to succeed."

// JULY-AUGUST 2020

Where have the last two months gone? So much has changed since our last newsletter in June; we are now in Stage 3 restrictions, the second remote learning phase and now a 'road map out'. I have great admiration for all of our educators, students and parents/carers who are embracing remote learning the best way they can: thank-you!

The team at Beyond the Bell are currently immersed in advocacy work to secure future funding, alongside designing our next three year strategic plan: 'BtB 2.0'. A very big thank-you for the 115 survey responses from across the region that have given us valuable insights into the issues arising in the critical transition stages of education and the barriers for young people staying engaged in education. Responses are currently being reviewed and key themes identified to then be 'tested' at community

We will finalise this work mid-September and have the final report ready by the end of the October.

And last but not least a very big shout out to our BtB Local Action Groups across the region: amazing commitment and act of service to the young people in your community. Thank-you for your work.

Until next time, take care everyone.

emerging from this work.

Youth Conversations is back and engaging on-line! The team have been adjusting the format and enjoying the conversations in this mode.
